Council Meeting, August 23, 1965

Showing Trouble - Council received petition from 95 Grandin Park citizens only living close to the St. Albert Drive-In Theatre which petition was presented to Council by Mrs. Gibson. The residents in this area complained that during the midnight shows the horn blaring in the Drive-In Theatre is a real noise problem for them up till 3 A.M.

During the discussion it was stated that the owner of the Drive-In Theatre, Mr. Albert Hauptman, cannot do a thing against this unpleasant noise as long as the Town does not have a by-law which will cover this kind of nuisance. Managers of different Drive-In theatres

STURGEON HEALTH UNIT SLEEPING SICKNESS

"Western Equine Encephalitis, commonly
known as Sleeping Sickness, has been
suspected in horses, in a very small
number of areas of the Sturgeon Health
Unit. A suspected case has also been
reported in a boy, though this is not
yet proven.

This disease is spread by mosquitoes so
the Sturgeon Health Unit suggest the
following rules to help to prevent you
or a member of your family getting the
disease:

- 1) Use insect repellants to the skin
 - 2) Wear long sleeved clothing
 - 3) Wear slacks instead of shorts
 - 4) Keep children indoors in the early
evening
 - 5) Have effective screens on doors,
windows and out-houses
 - 6) Do not allow children to ride unvac-
cinated horses
 - 7) Have all horses vaccinated
- If you have any queries, it would be
advisable to contact your doctor, your

It will be recognized that some young entrants may require more than the regular year to complete the work of the grade.

Students who have attended school in the District in the 1964-65 school year, and Grade I students who have been registered in the District Kindergartens will proceed to the table in the Gymnasium marked "OLD STUDENTS". The student will be asked for changes, if any, in address, telephone, additions to family (with birthdates) from those noted on last year's Registration Form. These changes should be noted on a slip of paper and sent with the child, please.

Students new to the District and those Grade I students who have NOT attended Kindergarten in either Simpson or Mackenzie Schools will register at the table marked "NEW STUDENTS". New students will be requested to provide the following information:

UNITED CHURCH

On Friday, August 27, at 8:00 A.M. the Induction Service for the Reverend L.J. Musto to the congregation of St. Albert United Church will be held in the Church. Please make a real effort to attend this service to welcome our new minister, his wife and family to St. Albert. There will be a social hour following the service in the Church basement. Coffee and refreshments will be served.

During the month of August, Mr. Irving will be in the Church office most mornings. The number is 599-4444.

The end of the summer season is rapidly approaching and with it, preparation for our '65-'66 Christian Education program is speeding up. Many people have volunteered to help out, but men and women are still desperately needed to lead in the mid-week groups and to teach in the Church Schools. Unless you are willing to help in some capacity it may be that your child will have to do without a very important part of his Christian training. If you feel you would like to help out, please phone Mr. S. Rindero at 599-6704, or Mr. A. Ralph at 599-7305, or call Mr. Irving at the Church office.

St. Albert Baptist Church

During the month of July the St. Albert Baptist Church met with the First Baptist Church in Edmonton. Since the first Sunday in August we have been meeting again in the Sir Alexander Mackenzie School. We are happy to be together again although some of our number are still on vacation.

On Sunday, August 8th, in the afternoon a very enjoyable picnic was held on the grounds of the beautiful George Golden Ranch which was very graciously put at our disposal. The afternoon was spent

DIPLOMAS FOR ADULTS

High School Diplomas for Adults

The demand for continuing education by adults has increased noticeably during the past two or three years. Employers continue to ask for higher educational standing on the part of their employees. Furthermore, the latest Canadian census indicates that a very large number of adults hold less than a Grade IX education.

The following information is designed for adults (persons 20 years of age or older) who now wish to obtain a high school diploma. This is becoming more urgent today since many employers require that employees possess a high school diploma. Often, too, a high school education is essential as a basis for retraining when changes of work become necessary.

1) Adults may secure a high school diploma regardless of their present educational standing. This will require effort and time, neither of which should be sufficient to discourage adults from their purpose.

2) Research findings indicate that adults can study without loss of effectiveness to a very senior age.

3) Information and knowledge that seems to have been forgotten can be relearned in a mere fraction of the time that it originally took to learn it.

DON'T ARGUE
ABOUT MONEY!

JOIN A
CREDIT UNION

What Is A Credit Union?

Just what is a credit union? Is it a labor union? A credit bureau? Small loan company?

No, a credit union is first a "union" or common bond of association among people such as yourself who live in the community. Secondly, it teaches you the wise use of "credit."

In addition to loaning money to members at low rates of interest, credit unions also provide a convenient and safe place at which to save. Moreover, they teach the habits of thrift, or the wise management of one's total resources.

As a result you have the "credit union." It is not a small loan company, credit bureau or labor union. It is your mutual thrift organization — you own it — you operate it. It is your credit union.

4) Many school boards throughout the Province offer evening class instruction at a nominal fee for the benefit of adults. You should inquire from your principal, superintendent or local school board concerning opportunities that are provided now or that might be made available in your community.

5) A number of private schools within the province also make provision for the education of adults.

6) The Correspondence School Branch, Department of Education, Edmonton, offers instruction, Grades I through XII, at a nominal charge. During the current school year upwards of 12,000 students, including numerous adults, are enrolled. Adults may write the Correspondence School Branch (phone 488-2160) for information and application forms.

7) Documents secured through attendance at a technological institute or through an apprenticeship program, may be submitted to the Department of Education for evaluation.

8) The following provisions for adults seeking a high school diploma are now in effect.

a) An adult is a person who has passed his 20th birthday.

b) Adults who have no Grade IX diploma and who have no high school credits

may proceed under these regulations; those who hold some high school credits may apply these toward a diploma and may proceed under these regulations.

c) (i) Success in a Grade XII departmental examination entitles a student to five high school credits.

(ii) If a student achieves a mark of 50% or higher, he will be awarded credits in accordance with the table below.

d) Additional high school credits will be awarded for non-examination courses taken through attendance at an approved high school (day school, night school, summer school) or through the Correspondence School Branch, Department of Education.

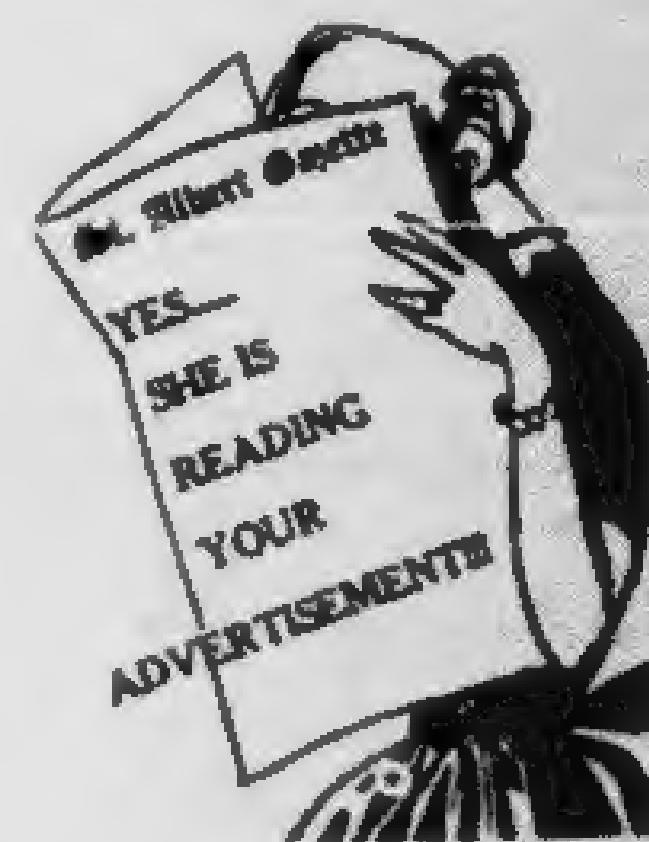

e) Physical Education will not be required.

f) In other respects, the minimum requirements for a high school diploma apply.

CHERCHEZ LA FEMME

By Florence Lefebvre
Phone 599-7030

It's a woman's world, or so they say! They also say that women have it within their power to change the destiny of the world, to spark a man's ambition, to make a house a home. To date no light has been shed on who "they" are, but we have a suspicion that the saying does have a certain amount of truth in it, as time and experience have proven. Rather frightening, isn't it? Detracting from the rather romantic aspect this saying may present, is the less acceptable adage that the hand that rocks the cradle also rocks the "boat".

All this is purely speculative, a figure of speech and has no bearing on the real role we girls have to play, that of the homemaker. Between the different status of women, there often exists a veiled feeling of envy. Both single and married women have a great deal in common, the desire to establish a happy home. To our younger sisters let us say that we envy them their youth and the wealth of opportunities open to them.

Imitation is the sincerest form of praise. From the time a little girl is able to stretch her arms out for a cuddly rag doll, she imitates her mother and her older sister. Could anything be more natural? Step by step, cautiously as on a first pair of high heels, a little girl is a young miss overnight. As we return this fall to our well scheduled lives, it's still a woman's world, with so much to do, and so little time to do it in! Do we accept or reject the saying? Let's be generous and accept only as suits us, the feminine part in the play, wholly dependant on the masculine lead - our husbands.

But no matter how busy we are, let's put in the margin a note to have that daily hour of relaxation no matter what. Time to think, plan, to balance and steady our course, together. There's much to be said about the chair, pipe and slipper bit. Let's add contentment to what we've accomplished in one day, and as husband and wife, take our rest at the end of the day. Tomorrow? Back to our tasks. It's a great world we live in!

carved, but all empty until we know exactly what is needed. Teachers and students alike once again ready to give it a whirl, with nothing left to chance. The home where the first-grader begins probably has the most tension and apprehension. The first year of high school can be just as frightening, and loom up large and forbidding. But the first week for all grades over, books in good use, and time-tables set, students are a happy lot, sunny faces like sunflowers changing positions towards the light, their weekends.

More good news for Mothers. Remember all those cherished recipes? Our advice is to tear them all up or put them in the attic, because the KLONDIKE INN has opened for business in St. Albert. You can't miss the location just off the highway, all set like a gold nugget on the corner leading to the Drive-In. Parking space galore, two friendly proprietors - prospectors, Karl and Ted Hauptman await your pleasure. Before their grand opening in two or three weeks, their doors are open by 10 A.M. and continue serving until 1 A.M., which gives you cheekakes plenty of time to sample their wares. Patrons can eat in their cars, as they are served at the wicket, orders filled beforehand through speedy speaker-order system, enabling four to be served at a time, or if preferred, pick up their orders which are enjoyed at home. A delivery service is planned for the future, as well as a picnic area for families. They've thought of everything! Two phone numbers ensure quick service 599-7771 & 599-7772. You'll also find Mrs. Karl Hauptman there, adding the woman's touch. To introduce their specialties of the house, the Hauptmans encourage you to order their GOLDBURGERS - pure beef on toasted bun with trimmings. You have four choices: Junior, Regular, Jumbo (two patties) and Goldburger Deluxe, and Klondike Chick, their specialty for unforgettably delicious chicken, pressure-cooked, expertly seasoned, the Hauptman way. Served with cornfritters, french-fries, cole-slaw and trimmings, you'll know you've received your share of the poke, and return for more.

Protestant Separate School District No. 6

Dress Regulations

In response to several inquiries, the St. Albert Protestant Separate School District wishes to publish its Dress Regulations as a guide to Mothers who are making back-to-school clothing purchases for their children.

Female Students' Classroom Dress: All female students must wear blouses and full skirts or dresses in the classroom. Girls in Grades 1 to V may wear sweaters. The rule relative to sweaters for girls in all other grades is temporarily suspended, subject to satisfactory monthly reports from the principals. Black leather jackets are not permitted. **Female Students' Gymnasium Dress:** The gymnasium dress for girls shall be regular gym dress, shorts and blouses, or sweat shirts. **Male Students' Classroom Dress:** All male students must wear slacks (not blue jeans), a standard shirt with not more than the top button open. Shirt tails are to be tucked inside the pants. Short pants are suitable attire for boys in Grades 1 to VI, provided that the bottom of the pant legs do not extend more than one inch above the top of the knee cap. Black leather jackets, high or decorated, or hob nailed boots are not permitted. Haircuts shall be such as are acceptable in a business

office. **Male Students' Gymnasium Dress:** All Male Students shall wear gym shorts and T-shirts as required by the instructor. **School Dress:** A standard school dress has been approved by the Board featuring the tartan of the schools. This is not compulsory and is entirely at the option of the parents.

Supervisor of Instruction

The St. Albert Protestant Separate School District is pleased to announce the appointment of Mr. John Black, formerly Assistant Superintendent, Sturgeon School Division, as Supervisor of Instruction. Mr. Black will have general responsibility for assisting teachers with their day-to-day classroom instruction and assisting principals and teachers in program planning and development. He will devote particular attention to the Language Arts programs in Grades 1 to IX.

The District is fortunate indeed to have personnel of Mr. Black's educational capabilities on its staff.

POSTAGE RATES

New Surface Postage Rates to Other Countries - The Honourable Rene Tremblay, Postmaster General, announced today se-

veral changes in postage rates to other countries effective January 1, 1966, to coincide with the coming into force of the Universal Postage Convention adopted at the last Congress of the Universal Postal Union.

An increase in these rates to certain countries is necessary at this time, Mr. Tremblay explained, in order to compensate for additional transportation charges and mail handling costs in the international service. Countries handling mail in transit from other countries assess charges set by Universal Postal Union agreement on the country of origin. A substantial increase in these charges goes into effect on 1st January. There will be no change in the rates on letters and postcards to the United States, its territories and possessions, other countries of North, Central and South America, the West Indies, Great Britain and the Commonwealth, Republic of Ireland, France and Spain. To all other countries, letters sent by surface means will be subject to a new rate of 10 cents for the first ounce and 6 cents for each additional ounce or fraction thereof. The rate for postcards will be 6 cents each. For printed matter and samples, a new rate of 4 cents for the first two ounces and 2 cents for each additional two ounces or fraction thereof will apply to other

continued on page 18

countries, with the exception of countries of North, Central and South America and Spain to which the domestic printed matter rate of 3 cents for the first two ounces and 1 cent for each additional two ounces and the domestic sample rate of 4 cents for the first two ounces and 1 cent for each additional two ounces will continue to apply. In addition, surface parcel post rates undergo an adjustment and a significant change in structure as outlined by the Postmaster General. In the present complex parcel post rate structure there are some 230 different sets of rates depending on routing and the country to which the parcels are sent. After Jan. 1, 1966, this number will be reduced to four. The new rates, with the exception of those to the United States its territories and possessions which remain unchanged, will apply to three distinct zones rather than to individual countries. Great Britain and countries in the Americas, excluding the United States, will comprise Zone 1; Europe and Africa will constitute Zone 2; while Oceania, including Australia and New Zealand, and Asia will make up Zone 3. This simplified rate structure will greatly facilitate the work in mail rooms of business enterprises and in post offices and will help expedite the despatch of parcels to other countries. Parcel post weight restrictions will also be changed on January 1, 1966 so that the maximum weight of parcels will be 22 pounds to those countries where the previous limit was 20 pounds. This new weight limit is the generally recognized maximum weight in the Universal Postal Union.

In making the announcement the Hon. Ben Tremblay said plans were underway for a new uniform air postcard rate of 10¢ each to all countries which will also become effective January 1st. He said there has been over the years an increasing demand for a uniform air rate for postcards and that the introduction of one at this time will be particularly convenient for visitors to Canada's World Fair, Expo 67. At the present time, postcards sent by air have to be prepaid at the regular air mail letter rate. For example, a postcard to Australia or Japan which now requires 25¢ in postage will be prepaid only 10¢. He emphasized that the present 8¢ air mail rate for cards to the United States and its possessions will continue.
